Thanks so much, Ben. I so look forward to working with you again and developing this material further.

Chat soon,

Aminah

**Subject:** Letter of Confirmation: Daughter of the Southern Cross

Hi Aminah!

Thank you so much for asking me to be a part of the Daughter of the Southern Cross project. It's such an exciting premise. Blending these genres lends itself to a vast array of soundscapes, diverse in the scope of potential, with a unifying sonic blend. Including all things "True and Australian" I think will add a great context, that will make this a uniquely Australian experience, and I cannot wait to get started on the arrangements with you. Recording it will be a blast as well.

Very keen to get started, and thanks again for having me on board.

Kind regards,

**Ben Matthews**

Pianist. Composer. Bandleader.
